

Job Description Civil & Structural Engineer

Position Title: Project Civil & Structural Engineer

Company: Founded in 2006, Dennany Reidy Associates are a firm of Consulting Civil & Structural Engineers with offices in Limerick & Dublin. We provide consulting civil & structural engineering services to both private & public sector clients with an emphasis on economical design, sustainability and a client focused approach. Our projects portfolio includes residential, commercial, educational and infrastructural & civil engineering works. We also have particular expertise and experience in project management, conservation engineering projects and construction law & contractual. Please see our website for more details: www.dennanyreidy.ie

Position Location: Dublin (Drumcondra)

Reporting to: Company Director

Job Specification:

Dennany Reidy Associates are seeking a Civil & Structural Engineer to work on a variety of project types from our new office in Dublin. This is an opportunity for an ambitious engineer to take on a challenging & varied role within a growing firm of consulting engineers.

The successful candidate will be working on civil & structural engineering projects under the mentorship of a company director.

The role will involve the following:

- Civil & structural engineering design works in accordance with Eurocodes and other relevant standards & Building Regulations.
- Co-ordination of civil & structural engineering projects.
- Use of design software including CADS suite of structural design packages, SCIA engineer, Autocad.
- Preparation of civil & structural engineering drawings using Autocad.
- Assisting Company Director with administration & project management of projects.
- Construction inspections and preparation of associated reports.
- Effective communication with clients, design team members and office staff.

The Successful Candidate - Requirements:

The successful candidate must meet the following requirements in terms of skills and attributes:

- An honours degree in civil or structural engineering.
- 2-5 years post graduate experience in a consulting civil & structural engineering environment.
- Be a member of Engineers Ireland (IEI) or the Institute of Structural Engineers (IStructE)
- Proficiency in Autocad drafting software.

Directors:
